Course: CSYE7374 Cognitive Computing.

Assignment 2:

Name: Pramod Nagare

NUID: 001858910

Email: Nagare.p@husky.neu.edu

Part I have worked on:

1. Re-designing the problem statement.
2. Team meet arrangement as it was 11 students working on the same assignment.
3. Virtual Machine setup to reduce the dependency on Mac OS laptops.
4. Keras model rebuilding from Configuration and Weights.
5. Keras to Core ML model conversion for iOS application development.
6. Keras to ONNX model conversion.
7. Assisted team with Flask application.
